## Report of Independent Registered Public Accounting Firm

To the Managing Member of Promethean Capital Group LLC

### Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Promethean Capital Group LLC (the Company) as of December 31, 2019, and the related notes to the financial statement (collectively, the financial statement). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

*RSM US LLP*

We have served as the Company's auditor since 1999.

## Promethean Capital Group LLC

### Notes to Statement of Financial Condition

---

#### Note 1. Organization

Promethean Capital Group LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority (FINRA).

The Company acts as an agent in the private placement of securities and as such is not required to have a clearing agreement with a broker.

The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of the Rule. The requirements of Paragraph (k)(2)(i) provide that the Company carry no margin accounts, promptly transmits all customer funds and delivers all securities received in conjunction with its activities as a broker-dealer and does not hold funds or securities for or owe money or securities to customers.

The members of the Company have committed to make contributions to sustain the Company through, at least, the next 12 months from the date of issuance of these financial statements.

#### Note 2. Significant Accounting Policies

The Company follows generally accepted accounting principles ("GAAP"), as established by the Financial Accounting Standards Board (the "FASB"), to ensure consistent reporting of financial condition, results of operations, and cash flows.

Use of Estimates: The preparation of the statement of financial condition in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

Cash: Cash represents bank demand deposits. The Company maintains its cash in bank deposit accounts which, at times, may exceed insured limits. The Company does not believe it is exposed to any significant credit risk.

Income Taxes: No provision for federal or state income taxes has been made for the Company since, as a limited liability company, it is not subject to income taxes. The FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statement. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more likely than not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year. For the year ended December 31, 2019, management has determined that there are no uncertain tax positions.

Recently Adopted Accounting Pronouncements: In June 2016, FASB issued Accounting Standards Update (ASU) 2016-13, *Financial Instruments—Credit Losses (Topic 326)* ("ASU 2016-13"). ASU 2016-13 supersedes the accounting guidance for recognition of credit losses relating to financial instruments. Under the new guidance, management's estimates of current expected credit losses (CECL) must be recognized immediately, in contrast to the prior model where losses were recognized only as they were incurred. The new guidance is applicable to all financial instruments that are not accounted for at fair value through net income. The Company adopted ASU 2016-13 effective January 1, 2019, and began applying the guidance to its financial statements. For the year ended December 31, 2019, the Company did not hold any financial instruments which required management to estimate current expected credit losses (CECL).

## **Promethean Capital Group LLC**

### **Notes to Statement of Financial Condition**

---

#### **Note 3. Related Party Transactions**

Pursuant to agreements with an affiliate under common control (the "Affiliate"), the Company reimburses the Affiliate for communications, compensation and general operating expenses paid by the Affiliate and shared by the Company. At December 31, 2019, no amount was owed to the Affiliate.

#### **Note 4. Net Capital Requirement**

The Company is subject to the SEC Uniform Net Capital Rule ("SEC Rule 15c3-1"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined in SEC Rule 15c3-1, shall not exceed 15 to 1 (and the Rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2019, the Company had net capital of \$54,457, which was \$49,457 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.77 to 1.

#### **Note 5. Indemnifications**

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects the risk of future obligation under these indemnifications to be remote.

#### **Note 6. Subsequent Events**

The Company has evaluated subsequent events for potential recognition and/or disclosure through the date this financial statement was issued.

For the period from January 1, 2020 through the date these financial statements were issued, the members of the Company made contributions in the amount of \$25,000.
